

WORK ON BUDGET—President Eisenhower is shown as he worked on the State of the Union Message and new budget at his Gettysburg, Pa., farm. With him (from left) are Dr. James R. Killian, scientific advisor to the President; Maurice Stans (back to camera), deputy budget director; Percival Brundage, budget director and the President.

Area Work Listed In Highway Plans

Interstate Four-Lane Pavement and Several Interchanges are Included

Details of the \$270,400,000 Illinois state highway program for 1958 call for construction of nearly 13 miles of interstate four-lane concrete pavement in Williamson and Union counties south of Marion, a number of interchanges, grade separations and bridges along the route and the bituminous surfacing of U. S. 45 from Carrier Mills to the Williamson-Johnson county line, a distance of 7.65 miles.

The four-lane pavement is part of the interstate route that will run in Illinois from Cairo to Chicago. The paving is divided into four projects as follows:

A. 2.25 miles four-lane pavement from .85 mile south of Route 13 west of Marion to 3.10 miles south of Route 13 at an estimated cost of \$895,000.

B. 2.30 miles of four-lane pavement from 3.10 miles south of Route 13 to 3.50 miles north of Pulley's mill, near the Williamson-Johnson county line, at an estimated cost of \$884,000.

Interchanges Planned

C. 5.10 miles of four-lane pavement in Union county from a point near Route 146 to a point north of Dongola at an estimated cost of \$732,000.

D. 3.25 miles of four-lane pavement in Union county from the point north of Dongola to the Union-Pulaski county line at an estimated cost of \$1,925,000.

A total of \$16,696,000 has been designated for the Carbondale highway district interstate projects and besides the above pavement, major items include an interchange north of Marion, to cost an estimated \$1,438,000, a grade separation at the Illinois Central railroad west of Marion at an estimated cost of \$302,000, an interchange at Route 13 west of Marion, at an estimated cost of \$855,000, a \$335,000 interchange at Route 37 a mile and a quarter north of Pulley's Mill and a \$275,000 interchange west of Goreville.

Non-Interstate Work

The Carbondale district is being allotted \$9,447,000 for non-interstate work and a major item is the resurfacing of U. S. 45 for 7.65 miles from a quarter of a mile south of Main street in Car-

rier Mills to near the Williamson-Johnson county line, at an estimated cost of \$890,000.

Also included is the bituminous resurfacing of Route 45 from Walnut street in Harrisburg northeastward for .36 mile, at an estimated cost of \$8,000.

A total of \$10,000 has been allotted to widen Route 45 shoulders from Harrisburg to Gossett.

In Hardin county \$87,000 is allotted for bituminous surfacing from the Illinois Central railroad to Hopkins street in Rosiclare and \$46,000 for widening shoulders from Route 146 to the Illinois Central railroad.

Other Work on Rt. 13

Of interest to local motorists will be work scheduled on Route 13 at Marion and west of that city. A four-lane concrete pavement 5.04 miles long, generally along present Route 13 from Illinois Route 148 south of Herrin to Route 37 at Marion, to cost an estimated \$1,320,000, and .93 mile four-lane pavement from this point to the east corporate limits of Marion, to cost about \$298,000, are on the 1958 program.

Also in the program is 3.73 miles of new two-lane pavement from Cartersville Crossroad to Route 148 south of Herrin is planned at an estimated cost of \$813,000.

M. G. Golliher Of Galatia Dies

Milton G. Golliher, 76, resident of Galatia, died at the Harrisburg hospital, Tuesday night. The body will lie in state at the Courtney funeral home in Galatia and funeral services will be held there at 2 p. m. Friday. Rev. Irvin Braden will officiate and burial will be in the Sunset Hill cemetery at Harrisburg.

Mr. Golliher was a member of the Eagles Lodge at Harrisburg and of the U. M. W. of A., having 1st worked at Peabody 47 mine at Harco.

He is survived by his son, W. H. Golliher, Glendale, Ariz., and his sister, Mrs. Lydia Johnson, Galatia, RFD. There are six grandchildren surviving.

Mt. Vernon Man Is Killed in Highway Crash

By United Press
Illinois posted one of the nation's highest traffic tolls during the 30-hour New Year's holiday. At least seven persons died in traffic accidents around the state from 6 p. m. Tuesday to midnight Wednesday night.

Among the victims was Thomas L. Casey, 26, Mount Vernon, who state police said they were seeking on complaint of his wife. Authorities said they were within two miles of Casey when his car collided with two others.

Mrs. Delta Williams, 35, Energy, was in critical condition at a St. Louis hospital. Her husband, Oliver, 38; their daughter, Carroll, 16, and Odes F. Hopkins, 36, Carverville were also injured in the crash.

Police said Casey struck a car driven by Wilburn Mason, 31, of near Herrin, while driving on Ill. 148 south of Sesser. The Casey car swerved out of control down the highway and collided with a car driven by Hopkins. The Williamses were passengers in Hopkins' vehicle.

An airman at Chanute Air Force Base, Marion, 29, was killed Wednesday two miles north of Urbana when his car failed to make a curve in U. S. 45.

Olney Boy, 8, Fatally Shot

OLNEY, Ill.—An inquest was scheduled tonight into the shooting death of Jackie Harmon, 8, who was killed by a .22 caliber rifle bullet while playing in the living room of his home.

Police said an older brother owned the gun and had returned from rabbit hunting shortly before the shooting Wednesday. They said the victim's sister, Crystal, 10, was holding the gun at the time it discharged.

Brilliant Fireball Is Sighted In Central, Southern Illinois

Politics Warming Up In County for April Primary

Choices Will Be Nominated for Various Offices

With the New Year here, Saline county politics are warming up for the April 8 primary which will nominate county, district and state offices for the Nov. 4 general election, and which will elect various committeemen for the next two years.

The Republican and Democratic parties will nominate their choices for the following county offices: County judge, county clerk, county treasurer, sheriff and county superintendent of schools.

In addition the county will vote on nominees for congressman from the 25th Congressional district, state senator from the 51st Senatorial district and state representative from the 59th Representative district as well as for state treasurer and state superintendent of public instruction.

To be elected at the primary will be Republican and Democratic state central committeemen from the 25th Congressional district, Democratic and Republican representative committeemen from each county of the 59th Representative district and 34 Democratic and 34 Republican precinct committeemen from the 34 precincts of the county.

A number of petitions are in circulation now with Jan. 13 the first day for county petitions to be filed in the office of the county clerk and others in the office of the secretary of state. Jan. 20 is the last day for filing and Jan. 25 is the last day to withdraw. March 10 is the first day a voter may file application for absentee ballot.

In addition to the county-wide primary in April, voters of the City of Harrisburg will nominate two for city commissioner in a special election primary Jan. 14. The general election will be March 11.

Britain Demands Albania Release Plane and Crew

LONDON (U.P.)—Britain demanded today that Albania release a British freight plane and six crew members forced down by jet fighters, but the tiny Communist nation did not reply.

The four engine DC-4 Skymaster, flying to the Far East with freight, was forced down by Soviet-built jet fighters Tuesday near the Albanian coast on a route over the Adriatic.

Britain was handicapped in that it has no diplomatic relations with Albania, but the French legation reported the six crew members, one of them a stewardess, were "safe and well."

A British Foreign Office spokesman said the French representative was to press personally today for the release of the plane and crew.

The Albanian government said the plane violated that country's air space at 10:38 a. m. on Dec. 31. A broadcast from Tirana Radio said it crossed into the Sema area and was over Albanian territory for 30 minutes.

The plane was being held at Valona, a key Soviet air base ringed with fighter bases and one of the most sensitive corners of the Iron Curtain. Valona is a former Nazi submarine base and is reported to be a major Soviet U-boat base.

Wm. E. Smith, 69, of Mt. Carmel, Dies at Home Of Stepdaughter Here

William E. Smith, 69, a retired insurance man of Mt. Carmel, died at 10 a. m. Wednesday in the home of his step-daughter, Mrs. Fred Winkelman, 104 South Skaggs street, Harrisburg. The body is in the care of the Turner funeral home in Harrisburg and will be taken to the Cunningham funeral home in Mt. Carmel. The funeral and burial will be in Mt. Carmel, Friday.

Mr. Smith is survived by his wife, Louise, and sons, Ed Smith, Peoria, and Jean Smith, California.

Six Parking Meters Stolen

Chief of Police Ross Lane today said a reward of \$100 would be given for information leading to the arrest and conviction of persons who stole a half dozen parking meters New Year's Eve.

He said any evidence given would be held strictly confidential. The meters were taken before 11 p. m. Tuesday, he said, adding that some of the meter posts were set in heavy concrete. Meter heads and posts were taken in all instances.

Five of the meters were on Jackson street, the other on Church.

C. S. Simich, 62, Eldorado Bakery Operator, Dies

Cvetko S. Simich, 62, owner and operator of the American Bakery at Eldorado, died in his home on North State street, Eldorado, at 12:45 p. m. Tuesday. Mr. Simich was born in Yugoslavia and is survived by his wife, Cira, and his sons, Bosco, Eldorado, and Jovo, Yugoslavia; his daughter, Mrs. Sava Antich, his brother, Tevdo Simich, and his sisters, Mrs. Petra Jovanovich and Mrs. Trpka Matich, all of Yugoslavia. There are seven grandchildren surviving. Mr. Simich was a member of Eldorado I.O.O.F. lodge.

The body lay in state at the Martin funeral home and funeral services were held there at 2 p. m. today. Rev. Ivan Mirov of the Greek Orthodox Catholic church officiated and burial was in the Wolf Creek cemetery.

Rites at Eldorado Friday 9 a. m. for Mrs. Thomas Abell

The funeral of Mrs. Katie Abell, 81, widow of Thomas Abell who died Tuesday, will be held Friday at 9 a. m. in St. Mary's Catholic church of Eldorado. The Rev. W. E. Hanagan will officiate and burial will be in St. Mary's cemetery. The body will lie in state at the Eldorado funeral home until time for the funeral.

Mrs. Abell is survived by her daughter, Mrs. Elsie Craig, north of Eldorado, in whose home she died; her daughter, Mrs. Edward Unthank of Eldorado; her sons, Lambert Abell, Eldorado, Dr. Aaron Abell, South Bend, Ind., Clyde Abell, Dearborn, Mich., Vergil Abell, Chicago; 17 grandchildren, four great grandchildren; her brother, Dan Campbell, Lexington, Mich., and sisters, Mrs. Emma Williamson, Chicago, Mrs. Bertie D. Eby and Maggie Campbell both of McLeansboro.

Charles J. Shanks Circulating Petitions

Charles J. Shanks of Harrisburg Route 1, is having petitions circulated by friends for the nomination for sheriff of Saline county on the Democratic ticket.

Three Teen-Agers Captured After Seizing Yacht; Family Held Hostage

ISLAMORADA, Fla. (U.P.)—A smuggled note led to capture Wednesday of three armed teenage pirates who seized a yacht and held a family of six as hostages in an attempt to reach Mexico.

Sheriff's deputies, who learned of the family's night of terror thru a note slipped to a fisherman on shore, chased the yacht down with their speedboat in the Florida Keys and boarded it without meeting resistance.

Sheriff John Spottswood of Monroe County said the boys gave their names as Johnny Cox, 16, Tommy Edwards, 15, and Mike Moore, 17, all of San Antonio, Tex.

The sheriff was conferring with juvenile authorities to determine what charges would be brought. He said he was considering either kidnapping or grand larceny.

Spottswood said the youths commandeered the 40-foot "Siesta" Tuesday night at Craig Key south of Islamorada, where Mr. and Mrs. Richard Sias of Winter Park, Fla., and their four children had tied up, for the night.

The youths "thoroughly terrorized" the family, according to the sheriff, despite the fact they were "well-mannered" because of the children's presence.

Moonwatcher Doubts Object Falling Sputnik

Observers Say Light Disappears In Mattoon Vicinity

SPRINGFIELD, Ill. (U.P.)—A brilliant fireball was sighted early today in northeastern Missouri and central and southern Illinois.

A moonwatcher said it was possible the object was Russia's Sputnik I satellite, but only if calculations on its orbit were "off."

At Cambridge, Mass., Dr. Donald Lautman, senior scientist of the Smithsonian Astrophysical Observatory's computation division said he was "quite confident" the object was not the satellite.

Lautman said the first satellite's only recent U. S. crossings were at 9:30 p. m. c.s.t. Wednesday and 6:30 a. m. today. But he said the rapidly accelerating Sputnik I has reached a "very unpredictable stage."

The bright object was seen around midnight at St. Louis, Ferguson and Afton, Mo. A short time later, scores of persons called police and newspaper offices to report sightings in Illinois.

Most callers described the object as a "blinding flash of light." Among the observers were three state police officers.

In St. Louis, Stuart L. O'Byrne, a moonwatcher, said the light could have been the fall of Sputnik "if calculations were off as much as 20 to 25 degrees."

American scientists recently reported that Sputnik I was dropping lower in its orbit and was expected to crash-to-earth like a flaming meteor within a few days.

State police headquarters at Springfield said officers near Springfield, Jacksonville and Elkhart radioed at about 12:14 a.m., c.s.t., to report a "blinding flash of light" in the sky.

A Springfield man said he "never saw anything like it—it lit up the whole area." A motorist near Waverly telephoned the Illinois State Journal at Springfield saying the light grew brighter as it passed overhead and later turned red and appeared to disintegrate.

Most observers said the light seemed to disappear in the vicinity of Mattoon, Ill., southeast of here.

The Weather Bureau at Springfield did not sight the object, but spokesmen said that judging from reports it did not appear to be a meteor.

Reports came from throughout this area, including one from a farmer near Decatur who said the object flared so brightly it lit up the interior of his home.

The object also was seen by two policemen, two truck drivers and a woman at Centralia in southern Illinois. Police said the light was so low in the sky they thought it might have fallen in the Centralia vicinity, but a search of the area failed to turn up a trace of the object.

Mrs. Harry White of Liberty Community Dies At Galatia Nursing Home

Mrs. Emma White, 77, widow of Harry White of the Liberty community, who has been in the Good Shepherd nursing home in Galatia for some time, died there at 1 a. m. today. The body is in the care of the Gibbons funeral home and funeral plans have not been completed.

Mrs. White is survived by her children, William White and Howard White, Pontiac, Mich., Mrs. Leota Mayhew, Decatur, Mrs. Anna Jones and Mrs. George White, Harrisburg, and her brother, Ace Cain, Marion.

Grover C. Honea

Of Equality Dies

Grover C. Honea, 65, resident of Equality, died in the Ferrell hospital in Eldorado, Wednesday evening. The body is in the care of the A. K. Moore funeral home in Equality and funeral plans have not been completed.

Above Holiday Estimates

Traffic Toll 175

By United Press
The nation's motorists began the new year with a death toll in holiday traffic that made a grim mockery of advance estimates and warnings.

At 10 a. m. CST late reports had boosted the traffic death toll to 175 killed between 6 p. m. New Year's Eve and midnight Wednesday. One person died in a plane crash, 16 died in fires and 18 in

miscellaneous accidents for an overall total of 204.

The National Safety Council had estimated that 130 persons would die in traffic during the 30-hour period. When the final count soared above this estimate, Council President Ned H. Dearborn said:

"This toll is a jolting reminder that along with the threats of war from overseas and of new and bigger Sputniks from outer space, this nation faces a relentless enemy from within that is making a mockery of our claims to leadership in civilized living.

"How long can America endure or tolerate such a needless drain on its manpower? Let us hope that 1958 brings a stop to this slaughter."

In the worst single accident of the holiday, nine persons were killed in a head-on collision between two cars near Eureka, S. D. Wednesday night. The dead included six members of one family.

New York had the highest traffic death total with 24 killed. California reported 14 deaths, New Jersey 13, South Dakota 10 and Texas 9.

Only last week 223 traffic deaths marred the Christmas holiday, a total well above the council's advance estimate of 180.

A New Year's Eve snowstorm that dumped 3 to 18 inches of snow across the nation's Midlands was blamed in part for the high traffic death rate.

Eastern Peaks

New Hampshire's White Mountains include 86 peaks more than 3,000 feet high, concentrated in a small area close to the 6,288-foot summit of Mount Washington, highest mountain in the northeast.

The name "scallion" for an onion derives from the ancient city of Ascalon, in Palestine.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON SAYS:
1958 Will Be Crucial Year For War Or Peace; Business Recession Will Continue Until Mid 1958; Eisenhower Will Not Resign.

WASHINGTON. — Predictions for The New Year — 1958 may be one of the most crucial years in history. It may see the tide turn toward peace with Russia — or start a deterioration of our relations toward war. Russia for the first time is now able to call the shots. Power lies in the Kremlin's hands. American prestige around the world has sunk to a low unequalled since our Civil War. In Europe there is frustration with American leadership bordering on disgust. Even in Latin America our once staunch friends are drifting away. . . . Whether 1958 sees an upturn for peace or downturn for war will depend chiefly on whether Russia really wants peace. She has the bargaining cards in her hands — as will be shown by the Gaither report — if ever published. American ability to pull in our belts, put missiles ahead of Edsels, will be important, but not as important as our diplomatic skill. The Kremlin's temptation will be to move now when the odds are heavy on its side. Russia would win a preventive war today. Two years ago she couldn't. But if the Kremlin sees the United

States going ahead with missile bases in West Europe, pressure could be heavy in the Soviet Presidency to move while it has the upper hand. . . . no one can predict what will happen on this front in 1958, except that Russia has the decision.

Weather To Veterans — 1958 will see some radical attempts to control the weather, including a plan to sprinkle oil on the waves in advance of hurricanes, then light the oil to change or modify the hurricane. . . . Postage stamps at long last will be increased. In 1958 you'll be paying four cents instead of three for a stamp. . . . there will be no tax cut in 1958. . . . Congressman Wilbur Mills, new chairman of the tax-writing Ways and Means committee, will try to abolish the \$50 tax exemption for stock dividends which he says helps the stock market. He'll propose a \$600 personal exemption instead. . . . Veterans will be among the chief sufferers as a result of missile expenditures. Veterans hospitals will be cut, plus pension benefits. The administration will argue that the U. S. A. is becoming a nation of veterans, therefore they don't deserve special treatment. . . . Alaska will become the 49th state. . . . Benson's plan to end family farming will fail; also his plan to reduce price supports for wheat, cotton, corn, tobacco, peanuts, rice. The farm budget will continue at \$5,000,000,000 and farm surpluses will be about the same. . . . Despite inflation there'll be no salary increases for civil servants — except for scientific and military personnel. . . . Pan American Airways will start operating 600-mile-an-hour jet airliners in 1958, thus beginning the first jet service for the American public. Airplane fares will go up 15 per cent.

Will Ike Resign in 1958? — Empty Christmas stocking in Washington was Vice President Nixon's. One month ago it looked as if he might be in the White House or else given vitally important new powers. . . . But Ike is now determined to stay on, come what may, and the palace guard has pushed Nixon off the White House threshold. They won't even let his foot in the door, have tried to create doubts in Eisenhower's mind as to why Dick spent the entire day in the White House, waiting, when Ike suffered his latest illness. . . . Nixon therefore will not assume new power to expedite the missile program. Eisenhower will stay on through 1958 unless and until he suffers another stroke or heart attack.

Will There Be A Depression? — The economic strength of the USA remains our chief ace-in-the-hole. We have lost out in science, are losing out in education, military power, atomic energy and hydro-electric power. But our production genius to turn out tremendous quantities of goods remains a great asset in the eyes of the world. . . . as of today, steel production is down 50 points, unemployment is up, Chrysler laid off 60,000 workers, Ford 20,000 at Christmas time. Auto dealers have 800,000 unsold cars. It seems certain we have passed the peak of a 17-year boom. Will this deteriorate into a serious depression? Answer is that George Humphrey's tight money, deflation policies are now being scrapped — in toto. No trace of them will remain. The administration is resorting to govern-

Let's Use Our Heads

We hear a lot these days about this country needing more brainpower. Unquestionably we do, but very possibly there are some valuable sources of that power which we could tap right now, without waiting for an expanded educational program.

For a long time psychiatrists and psychologists have been saying that very few of us use our brains to the fullest measure. Some portions we hardly ever employ. The parts we do use we tend to rely upon haphazardly most of the time.

Obviously we could not sustain a high mental pitch continuously in our waking hours. But there's no doubt that a great many of us could put out a good deal more effort than we do. What counts is the power of concentration upon the tasks at hand.

Listen to the testimony of the eminent in any field from writing to baseball. The driving concentration they apply runs like a thread through all their efforts.

An actor develops a role to the hilt by never flagging for an instant in his characterization. Stan Musial, one of the great batters in baseball, says his concentration weakens only 20 times or so out of 400 to 500 times at bat in a year. So it goes through all fields.

We have plenty of trained but unused brains in this country. What we ought to do about it is obvious.

Moscow Builds Schools

LONDON (UP) — The Moscow City Soviet announced today that 39 schools and colleges and 60 kindergartens were built in the Soviet capital during 1957, Moscow Radio reported. In addition, seven movie theaters, 125 new shops and 59 restaurants were constructed, it was reported.

ment pump-priming—unabashed. The \$177,000,000 for public housing, which Ike scolded Congress for passing, has been dumped into the economy to relieve a serious construction slow-down. More than \$2,000,000,000 extra will be tossed in for missiles — if Congress will agree. . . . Money rates will also be easier. . . . This should have an effect on the economy by midsummer, but business will suffer the worst recession since World War II this winter and early spring.

What will your dollar buy in 1958? — A dollar today is worth just 22 cents less than in 1948. Its purchasing power has dropped six cents in the last two years alone. . . . With more money pumped into the economy without wage-price controls, the dollar will be even less. 1958 will be a hard year on white-collar workers, pensioners, those depending on life insurance policies.

Labor In 1958 — Jimmy Hoffa will probably beat the government's attempts to put him behind bars. He will then show his defiance of AFL-CIO leaders by waging war against their strikes. Hitherto the Teamsters have cooperated with other strikers. They can be the greatest strikebreakers or strike-enforcers through the power of delivering goods to factories. In 1958 for the first time, they will definitely refuse to recognize AFL-CIO picket lines. This will make some strikes almost unenforceable. . . . labor leaders claim the best way to cure a business slump is by increasing buying power through higher wages. In 1958, therefore, big unions will defy the recession and start a series of strikes, one of the most important being in the auto industry. Detroit may be tied up for weeks. Employers will retaliate, cutting overtime and bonuses, will slash non-union salaries.

Youthful Prisoner

Andrew Jackson, who later became U. S. president, was a youthful prisoner of war of the British. At the age of 14, he was captured by a British raiding party during the Revolutionary War.

Bramlet Celebrates 17th Anniversary Of Meat Market

Wendell Bramlet is celebrating the 17th anniversary of the opening of his present business today, with a grand prize offered on a three day registration of visitors to his market. He invites his friends to come in and say "Hello." Thursday, Friday and Saturday.

Since Mr. Bramlet started with his market in the A&P store on West Poplar street, he has added to his staff: Perry Austin, with him for 12 years; Verne Beltz with him for 11 years; and Ed Kuppert, with him for five years and who is going to the Fairfield store which he recently bought from Mr. Bramlet. Mr. Bramlet's time will be devoted to the building of his trade and the improvement of his services to his customers in the Harrisburg store.

The thirty years that he has been in the meat business has brought many changes and with the new power driven slicers, saws and processors, he feels that he can give better service to his customers

each year. Now he does considerable baking of hams and barbecuing of ribs for organization dinners and the trend is toward more and more buying of the ready to serve meats.

Mr. and Mrs. Wendell Bramlet's names appear among the patrons of many philanthropic and civic projects of the community. They are interested in the improvement and welfare of their home town. Mrs. Bramlet is prominent in educational projects especially for the school children. The Bramlets have two sons. Jim Bramlet, who was married over a year ago to Miss Barbara Fearheiley of Harrisburg and is now stationed with the 101st Air Borne division of the U. S. Army at Ft. Campbell, Ky., and Jerry Bramlet, who is home for the Christmas holidays and will return to his studies at the Sullivan Preparatory school in Washington, D. C. over the week end.

Marriage Licenses

Robert Marshall Hinderliter, 23, and Iris Marie Utley, 18, both of Mt. Carmel.

Wagner's first wish was to be a poet, not a musician.

Seven Separate Investigations Up for Hearings

WASHINGTON (AP)—The incoming Congress will leap back into the investigating business with up to seven separate House and Senate inquiries slated for hearings in the opening week.

The House has five hearings starting after Congress convenes Tuesday, and the Senate will begin at least one and perhaps two.

Two House subcommittees announced Wednesday they will begin public hearings next Wednesday.

Hospital Notes

Harrisburg Hospital

Admitted: Mrs. Freeman Dempsey, Sparks Hill.

Mrs. Roland Brasher, 32 West Walnut, Harrisburg.

Mrs. W. A. Jones, 13 East O' Gara, Harrisburg.

Mrs. Ely Nevius, Galatia.

Curtis Lee Reed, 318 South Jackson, Harrisburg.

Rebecca Feunay, Cave-in-Rock.

day, the day after Congress convenes. Three others scheduled hearings earlier.

In the Senate the preparedness subcommittee is expected to continue hearings next week on the Rackets Committee may also resume sessions during the week.

Latest House hearings scheduled deal with the Defense Department's airlift operations and the nation's slum clearance and urban housing programs.

Other opening week house hearings:

The Ways & Means Committee starts a review of tax laws Monday.

An appropriations subcommittee starts looking Wednesday into the Defense Department's request for an extra \$1,200,000,000—mostly for missiles—during the present fiscal year ending June 30.

The Armed Services Committee will begin Jan. 10 an investigation of missile and other defense programs.

The last two hearings will be closed to the press and public.

Missed Patent

Elisha Gray invented the telephone. He also is remembered because he just missed getting a patent on the telephone by filing in the Patent Office a few hours too late.

Panel of Optometrists On WSIL Show Saturday

Television station WSIL has announced a panel of optometrists from the Southern Illinois Optometric Society will appear on Jean Collette's show "Eye on Tomorrow," Saturday, Jan. 4, at 12:00 noon. Miss Collette's show is a public service feature of WSIL.

The topic of preventive optometry and school vision problems, will not be a panel discussion but a series of demonstrations to illustrate the ability to see.

Optometrists appearing with Miss Collette will be Dr. Curtis Parker, president of the Southern Illinois Optometric Society, and Dr. William Grant of Mt. Vernon, Dr. John Slightom, Harrisburg, and Dr. John Woolley, Benton.

SHIRLEY'S MEMORIES—With the same eye-rinkling, dimple-displaying smile as in her childhood days, 29-year-old Shirley Temple, right, makes a dramatic return to the entertainment world as a hostess, narrator and occasional actress on an hour TV show called "Shirley Temple's Storybook." There just weren't any such TV programs when a six-year-old Shirley, left, was winning the hearts of the world in such pictures as "Little Miss Marker"—and stealing the show from such stage and screen veterans as Adolph Menjou.

Social and Personal Items

Lottie Moon Season Of Prayer Observed

The Liberty Baptist church held the Lottie Moon season of prayer service in the home of Mrs. Kenneth Roberts, president, recently. This was a program for foreign missions meeting and was opened with prayer led by Mrs. Paul Frick and Mrs. Elbert Langford. The minutes were read and an offering taken for foreign missions. Mrs. Langford, program chairman, and Mrs. Roy Johnson, prayer chairman, were in charge of the program. The call to worship (John 3:16) was given before each topic.

Topics for each day of the week were as follows: Monday, "For God so loved that He gave to all"; Tuesday, "For God so loved that He sent to all peoples"; Wednesday, "For God so loved that He empowered against all hindrances"; Thursday, "For God so loved that He called from all races"; Friday, "For God so loved that we must love Him, too." Scriptures were read by the program and prayer chairmen and prayers were read before each topic. Those who gave topics were Mrs. Paul Frick, Mrs. Ken-

neth Roberts, Mrs. Elbert Langford, Mrs. T. F. Wasson, Mrs. Johnnie Allen and Mrs. Harry Powell. Others present were Mrs. Lula Gibbs and Mrs. Willie Hendren. The group joined hands and prayed in unison for the dismissal.

The hostess served gelatin salad with whipped cream to her guests.

Holiday Visitors In James L. Warber Home

Mr. and Mrs. James L. Warber, Harrisburg, entertained for the Christmas holiday and Christmas dinner, the following guests: Mr. and Mrs. Shelby Pittman, Gail and Dennis, Henderson, Ky.; Mary Bishop, Peoria; Mrs. Rosa Stricklin, Mr. and Mrs. Estle Conway and children, Caroline, Ellen Kay and Paul Wayne, Lt. Mildred Wallace and Lt. Marion Holderman, all of Harrisburg.

Miss Ruth Ann Davis, daughter of Mr. and Mrs. Herman Davis, 21 West Park street, Harrisburg, returned to Murray State College at Murray, Ky., New Year's Day to resume her course in home economics. Miss Davis came to her parents' home for the Christmas holidays, arriving Dec. 18.

Visitors in the home of Mr. and Mrs. Willard Fleming over the week end were Mr. and Mrs. Billy Fleming, Jerry and Steven. Other visitors in the home last week were Mrs. Jeanie Tucker and son, Donald, from Tennessee. Mrs. Tucker and Mrs. Willard Fleming are cousins.

Calendar Of Meetings

Notice Masons: Special meeting of Harrisburg Lodge No. 325 at 7 p. m. Friday. Work in the E. A. degree. All members are urged to be present and visitors are welcome. Loren E. Butler, W. M.

Chapter Z, P.E.O., will meet at 2 p. m. Friday in the home of Mrs. J. V. Capel, 121 South Main street, Harrisburg.

There will be an installation of officers in the Blazing Star Lodge No. 458 at 7 p. m. Friday. John Murphy, worshipful master.

More than 10,000,000 persons have visited the Statue of Liberty since the official count was started in 1933.

IN THE
Service

Gale G. Banks, boatswain's mate
second class, USN, husband of the
former Miss Charlene Lucas of
712 South Land street, is serving
aboard the fleet ocean tug USS
Molala, operating in the Northern
Pacific and Aleutian Islands area
as a search and rescue salvage
vessel. While there the Molala
will render aid to ships in dis-
tress, provide medical assistance
and transportation for the natives
of the area and provide logistic
support to the isolated naval shore
based activities throughout the is-
lands.

Specialist 3-c Edward D. Lewis,
21, son of Mr. and Mrs. Edward
F. Lewis, RFD 3, Eldorado, is a
member of the 984th Engineer
Company which presented food,
clothing and toys to orphanage
children in Bergzabern, Germany,
during the holiday season. Special-
ist Lewis, a repairman in the com-
pany, entered the Army in July
1955 and arrived in Europe in
March 1956.

Residual Matter
Bauxite, the aluminum ore, is
said to be the residual matter left
behind after centuries of weather-
ing of aluminum bearing rock, and
contains large quantities of alu-
minum oxide.

HAND-PICKED for MURDER

Copyright 1957 by Robert Martin By Robert Martin

XXIII
We went down the stairs to-
gether. I told the desk clerk to take
any messages for me, and that I
would be back later in the day.

We went around to the street and
I stowed the fishing gear on the
rear seat. Howell got in and I
was about to go around to the driver's
side when I saw Honey Camp-
bell crossing the sidewalk toward
us. She was fresh and lovely in a
pale blue strapless sun dress and
flat white sandals. The sun
made bronze glints in her brown
hair and cast a warm golden glow
over her tanned shoulders.

"Good morning, Mr. Bennett."
"Good morning, Honey." I nod-
ded at Hugo Howell. "Do you know
Mr. Howell?"

She smiled at him. "We haven't
met—formally—but I know who he
is."

I said to Howell, "This is Honey
Campbell, daughter of the chief of
police."

"Oh," Howell said, tipping his
hat. "How do you do?" He show-
ed his teeth in a rueful grin. "I'm
afraid I've met your daddy—not
socially."

"I know," she said, still smil-
ing. "Do you know where I can
reach Wayne?"

Howell frowned. "You know my
boy?"

"We—we're friends." Howell
shifted in the seat so that he could
look her over more carefully. "Right
now I don't know where Wayne
is. Did you try the cottage where
he's staying?"

"He isn't there." She tried to
smile, but it didn't work. "Oh, well,
it isn't important." She nodded
at the two of us and walked quick-
ly away with a long-legged stride.

As we headed for the lake high-
way, Howell said, "Nice looking
girl."

"It might be of interest to you
to know that Honey Campbell is
in love with your son—anyhow,
I think she is. When I told her he
was married, she became quite
upset."

He turned toward me.
"You don't say!" Howell ex-
claimed. "Why couldn't the boy
have picked a girl like her, in-
stead of that cheap floozy?"

"One of those things," I said.
He grunted something I didn't
catch, and I said, "You call the
turns."

"Keep going straight ahead." He
reached around into the rear seat,
lifted the tackle box to his lap,
opened it and took out a pint whis-
ky bottle, unscrewed the cap.
"Have a snort, Bennett. It's good
rye."

I shook my head.
He tilted the bottle and swallow-
ed several times. I shuddered a
little. He drank again, recapped
the bottle, wiped his mouth with
the back of a hand. "Stop at the
third house on the left. We gotta
get some bait."

Here We Go!

That's Jack!

Drop in the Bucket?
Of every 44 wildcat wells drilled, four find some oil, but only one finds a field of a million barrels or more—that's about enough to last the United States roughly four hours.

Memorized Mechanics
Francis Cabot Lowell, young Boston merchant, memorized details of a power loom on a visit to England. Reproducing it on his return home, he established the American cotton manufacturing industry in 1814.

1957 Was Busy Year for Television, Movie Stars

By VERNON SCOTT
United Press Hollywood Writer
HOLLYWOOD — The year 1957 was big for TV, worrisome for movies, and busy for the stars who tramped the world keeping their names and faces before the public.

Some made headlines by getting married.

Marlon Brando startled Hollywood with his surprise trip to the altar with Anna Kashfi Joanne O'Callaghan. Bing Crosby's May-December nuptials with Kathy Grant raised numerous eyebrows.

Also wed during the year were Susan Hayward and attorney Eaton Chalkley; Natalie Wood and Robert Wagner; Sophia Loren and Carlo Ponti; Shelley Winters and Anthony Franciosa; Henry Fonda and Italian baroness Aleria Franchetti; Rex Harrison and Kay Kendall; and Merle Oberon and Mexican industrialist Bruna Pagliai.

Bad Teamwork Year

Separations, marital and otherwise, also made news. It was a rugged year for teams. Martin and Lewis broke up as well as Abbott and Costello. The Lib-

race brothers, Smiley and George, went their separate ways.

Marriages hit the rocks. Rock Hudson and Phyllis Gates saw their lawyers, as did Esther Williams and Ben Gage. Among other shattered marriages were the Jeff Chandlers, Ginger Rogers and Jacques Bergerac, Ingrid and Rossellini; Lana Turner and Lex Barker.

Also shedding mates were Mickey Rooney, Gene Kelly and Diana Dors.

Kim Novak gave the wolf pack hope by splitting with long-time boyfriend Mac Krim. Maybe she couldn't take the name Kim Krim.

It was a bumper year for babies. Gale Storm, Rosemary Clooney, Elizabeth Taylor, Mrs. Jackie Cooper, Gina Lollobrigida, Pier Angeli, Yvonne DeCarlo, Ann Blyth, Vera Miles and Mrs. John Kerr all welcomed newcomers.

Sorrow, Death, Scandal
Marilyn Monroe lost her expected baby.

Death took its toll among TV and film folk, too.

Louis B. Mayer, one of Hollywood's great pioneers, died dur-

ing the year Humphrey Bogart, Oliver Hardy, Louis Calhern, Norma Talmadge, William Eythe, and character actor Gene Lockhart also met death.

Biggest news from Hollywood in 1957 was the Confidential magazine scandal trial which rocked the town. The trial, however, did not live up to advance notices as only two stars—Maureen O'Hara and Dorothy Dandridge—appeared in court. Marie McDonald caused an uproar when she allegedly was kidnapped and abandoned on the Mojave Desert.

Jayne Mansfield broke innumerable hearts by announcing her engagement to musician Mickey Hargitay. Rita Hayworth admitted she plans to marry producer James Hill. And Zsa Zsa Gabor managed not to become engaged to anyone.

Most significant news of 1957 was Desi Arnaz' purchase of RKO studios to make video films. The handwriting was on the studio walls — it read: "Look out for TV in 1958."

First

The University of San Francisco Xavier at Sucre, Bolivia, was the first university in America to have complete faculties of law, medicine and theology.

Thinking It Over

By Robert L. Diefenbacher, D.D.
(Written for NEA Service)

Lewd and immoral publications as well as crime-centered magazines appear to be expanding their markets. These degrading magazines would not be distributed if the public did not accept them. They would not be read if there were not an interest in a degree of depravity.

In contrast to this lowering of standards millions of people are turning to God in evangelistic campaigns and in rapidly increasing church attendance. This encouraging trend gives hope for humanity, but the trend is not great enough.

The people turning to God and those turning to Satan must be coming from the lethargic, indifferent middle group of Americans. It appears that a great vacuum is being developed between the contrasts of good and evil. A vacuum tends to be filled.

Every man and woman of faith must work to bring his fellow men up from the bottom and to erase degradation. We must witness daily for the higher way of God so that those who have turned to God may not become indifferent again.

Eisenhower Expected to Reject Summit Talks In Reply to Bulganin

GETTYSBURG, Pa. (AP)—President Eisenhower today after a week at his farm to decide on an answer to Russia's bid for new East-West summit peace talks.

Administration officials have indicated the President will reject the proposal of Soviet Premier Nikolai A. Bulganin, despite strong allied pressure to use such talks to find new avenues to ease cold war tensions.

U. S. officials believe a "summit" party with Russia would be useless and only provide another Soviet propaganda springboard. However, the final decision on contents of the formal reply won't be made until the President confers with Secretary of State John Foster Dulles.

He will spend only about 24 hours in the capital, returning to his farm tomorrow for the weekend and more work on his state of the union message to be delivered to Congress Thursday.

In Washington, beside meeting with Dulles, he planned to make some final decisions on his missile-larded 1958 defense budget and launch the work of the new Civil Rights Commission. He was scheduled to attend a cabinet meeting Friday.

During the holidays the State Department was drafting the reply to Bulganin. Bulganin proposed the East-West talks before the North Atlantic Treaty Organ-

Woman Tourist Manhandled by Haitian Police

PORT AU PRINCE, Haiti (AP)—The United States was expected to file a formal protest today charging that Haitian military authorities arrested and manhandled a Chicago woman tourist without reason.

Mrs. Rose Williams Allen, 27, Chicago, charged that government soldiers pinched her, ripped her dress, dumped the contents of her purse on the street, ripped her watch from her wrist and hinted at even worse treatment if she reported them.

Mrs. Allen, daughter of Mrs. Eloise Caldwell, Jacksonville, Fla., arrived here Sunday on a tourist card permit to await the arrival of documents permitting her husband, farmer Manise Allen of Port au Prince, to emigrate to the United States.

She said they were hauled out of their taxicab in front of a night club Wednesday and accused of blocking the way of a government vehicle. After mistreating her, she said, police took her and her husband to headquarters.

There a police sergeant "brutally snatched from my neck" a gold chain and cross, she said.

Fire Losses In U.S. Hit Record High

BOSTON (AP)—Fire losses in the United States hit a record high last year with damage estimated at \$1,275,000,000, according to the National Fire Protection Assn.

The NEPA said 11,300 persons died in fires, an increase of 700 over the 1956 total.

The worst loss of life by fire in 1957 occurred in a nursing home at Warren, Mo., where 72 persons perished.

Father Admits Attacking Son With Claw Hammer

CHICAGO (AP)—A 14-year-old boy lay near death today, and police said his father admitted he attacked the youth with a claw hammer during a New Year's Eve argument.

The boy, Thomas Funcheon, was reported in critical condition at South Shore Hospital with a fractured skull.

Police said the father, Phillip, 50, a city worker, admitted clubbing his son "two or three times" with a hammer because the boy called him a vile name. Funcheon admitted he had been drinking and was hazy about the argument, police said.

Mrs. Mabel Funcheon, 48, found her son unconscious on a couch when she returned home from a party with her two daughters and another son. She said her husband was sleeping in an upstairs bedroom.

MARKETS

NEW YORK (AP)—Stocks moved higher today on volume sharply under Tuesday's five-million share pace.

The noon Dow Jones stock averages were: Industrials 438.63, up 2.94; rails 98.84, up 1.88; utilities 68.59, up 0.11; stocks 146.89, up 1.18.

Sofa Destroyed by Fire

The fire department was called at 10 a. m. Tuesday to the Wilson cabin on West Church street, where a sofa was destroyed by fire. L. G. Martin, fire chief, said that some inflammable liquid was thrown on some logs in a fireplace and the resulting big flames caught the sofa afire.

Three Mothers Leave for China To Visit Sons

LOS ANGELES (AP)—Three mothers of Americans held as "spies" in Communist China for years leave today for the Far East, taking food, warm clothing and love to their imprisoned sons.

The three were scheduled to board Pan American World Airways flight 805 for Honolulu on the second leg of their trip. They left New York City Wednesday.

"I feel wonderful," said Mrs. Hugh F. Redmond of Yonkers, N. Y. "I can't wait to see my son."

Mrs. Redmond said she and the two other mothers, Mrs. Mary V. Downey, New Britain, Conn., and Mrs. Philip G. Fecteau, Lynn, Mass., would leave Honolulu Friday, stop over in Tokyo for 11 hours and then go on to Hong Kong, arriving there Monday.

Once in Red China the three will split up and travel under direction of the Chinese Red Cross to where their sons are imprisoned. Their passports are good for two weeks.

Mrs. Redmond's son, Hugh F. Redmond Jr., 38, was imprisoned near Shanghai after receiving a life sentence in 1954 on charges of spying for the United States.

Redmond, a decorated and wounded veteran of World War II, went to China in 1946 to work for an export-import firm. He was married to an American girl in 1949 but was not permitted to return to the United States with her in 1950. He now is under house arrest.

The other two prisoners, John Thomas Downey, 27, and Richard George Fecteau, 30, were U. S. Army civilian employees when they disappeared on a flight between Japan and Korea in 1952.

They were captured by the Red Chinese and sentenced as spies, Downey for life and Fecteau to 20 years. The three are among six Americans known to be held by the Communists.

Mrs. Mary Robinson Of Hicktown Dies

Mrs. Mary Robinson, 74, resident of the Hicktown community, died early Wednesday morning in the Hardin County General hospital at Rosiclare. The body is in the care of the Hosick funeral home in Rosiclare and funeral services will be held at 1 p. m. Friday. Rev. Raymond Rose will conduct the services in the Richland church and burial will be in the Rose cemetery.

The body will lie in state at the home of her son, Loy Robinson, in the Hicktown community, until time for the funeral.

Chief Psychiatrist At Nuernberg War Crimes Trials Suicides

BERKLEY, Calif. (AP)—Dr. Douglas M. Kelley, 45, chief U. S. psychiatrist at the Nuernberg war crimes trial, committed suicide Wednesday by swallowing poison in the library of his home.

The Kelley family physician, Dr. Harry Borason, found a glass of what apparently had contained potassium cyanide in the library, police said.

Kelley chose to end his life with the same poison that enabled Nazi leader Hermann Goering to cheat the gallows.

"Dr. Borason told us that Kelley had been undergoing treatment for a stomach ailment and was worried by his health and the strain of business activity," police said.

Predict Upturn For Business Last Half of '58

WASHINGTON (AP)—Chamber of Commerce President Philip M. Talbott joined Commerce Secretary Sinclair Weeks today in predicting an upturn for business in the last half of 1958.

Talbott said while key factors in the economy may "point downward" in the first half of the year, before 1958 is over they will "move in a more favorable direction."

"1958 looks like a mild dip, then climb," Weeks said.

The signs also point to "no major drop in the stock market," Talbott said in remarks prepared for a Rotary Club meeting. On the nation's economy, he said:

"The noteworthy fact to be borne in mind is that long-run expansionist factors have been unimpaired. This helps prevent depression."

In a year-end statement, Weeks said:

"The immediate economic situation may not be as rosy as we all want, but from where I sit the 12-month outlook is far better than nail-biting pessimists think."

"The shower isn't over yet, but the sun shows signs of breaking through the clouds."

Weeks emphasized that 1957 was a record-breaking year for the economy, saying "no new year ever started with the overall economy on such a high plateau as today."

Takes Two to State Farm

Deputy Sheriff Charles Donelson today took Charles Darling and William Jordan, both of Flint, Mich., to the state farm at Vandallia where the two will serve one-year terms for writing a fraudulent check.

\$5,000 Damage in Menard Prison Fire

MENARD, Ill. (AP)—Warden Ross Randolph has estimated damage at \$5,000 in a fire that destroyed the home of swineherdman Louie Connor at Menard State Prison Wednesday.

Randolph said the blaze may have been caused by an overheated stove which was being used to thaw out waterpipes in the basement of the 75-year-old home.

Nine Persons, Six In One Family, Die In Auto Crash

EUREKA, S. D. (AP)—Nine persons, including six members of one family, were killed in a head-on collision three miles west of here shortly before midnight.

Dead were Walter Beck, 45, Eureka, and his wife, 42; their daughters Ruby, 11, Priscilla, 4, and Doris, 2; their son, Harold, 18; Marvin Neuhauser, 18, Clyde Krein, 6, and Larry Weidmeyer, 15, all of Eureka.

Two other Beck children, Wilbert, 16, and Mary, 6, were injured and taken to a hospital.

The Beck family was in one car and Neuhauser, Krein and Weidmeyer in the other.

Eight of the victims died at the scene of the crash on U. S. 10. Weidmeyer died at a hospital here several hours later.

Mrs. Essie Carr, 69, Dies at Elizabethtown

Mrs. Essie Carr, 69, widow of George Carr, died at 11 a. m. Wednesday in the home of her son-in-law and daughter, Mr. and Mrs. Huey Crider, at Elizabethtown. The body is in the care of the Barnhart funeral home at Elizabethtown and will lie in state at the daughter's residence where she died. Mrs. Carr was the aunt of Frank Hamby of Rudement.

Funeral arrangements await the arrival of her children.

Estimate Population At 172.8 Million

By United Press
The Census Bureau estimated the population of the U. S. at 172,800,000 or 3 million more than at the start of 1957. There were 1,500,000 more men than women during 1957, the bureau said.

Runs in the Family

CHARLOTTESVILLE, Va. (AP)—Mrs. Robert Jones gave birth to a daughter Wednesday, the first baby born here in 1958. Her sister had baby No. 1 in 1957, and in 1956 her brother's wife took the honor.

Dedicate Polio Hall of Fame

WARM SPRINGS, Ga. (AP)—Officials dedicated the new Polio Hall of Fame here today at the opening of two-day ceremonies marking the 20th anniversary of the National Foundation for Infantile Paralysis.

William Fay of Joliet, Ill., trustee of the foundation and of the Georgia Warm Springs Foundation unveiled busts of 17 men and women who played a leading part in the successful fight against polio. About 300 medical scientists and other dignitaries attended.

The occasion also marks the kickoff of the 1958 March of Dimes. "This 20th anniversary is the beginning of a new era in the control of disease—an era in which the national foundation, supported by the American people, will go on to conquer other of mankind's ills," said Mrs. Franklin D. Roosevelt. It was the experience of her late husband with polio that led to organization of the national foundation.

Find 14-Year-Old Girl Unconscious, Legs, Feet Frozen

FREEMONT, Ill. (AP)—Authorities today sought to question a 14-year-old girl found unconscious, her legs and feet frozen, following a New Year's Eve party.

The girl, Georgia Stoessiger, was discovered on a snow-covered lawn Wednesday where she had apparently been for about four hours in near zero temperatures. She was taken to Deconness Hospital where doctors described her condition as fair.

Physicians said they would not know for several days whether her feet would have to be amputated. Police Chief Walter Marsh said there was "no evidence of foul play."

The girl's mother said Georgia had attended a teenage party at a friend's home and left alone to walk home in a snowstorm. She apparently collapsed after walking a few blocks.

Stratton Orders Inspection of Murphysboro Area

MURPHYSBORO, Ill. (AP)—Gov. Stratton is sending a representative here today to inspect damage caused by tornadoes two weeks ago.

Murphysboro Mayor Joe Williams said the city hopes that the inspection will lead to the governor's designation of Murphysboro as a disaster area.

"We need some emergency barracks-type housing from the federal government to take care of some of the tornado victims for the rest of the winter," Williams said.

He said at his last count some 70 persons still were living in refugee tents. Others have moved into vacant stores, garages, basements and "anywhere they can get a roof over their head," he said.

He said some families have moved to Cairo, Carbondale, Colp and DeWainne.

Williams said he hopes some type of permanent housing can eventually be constructed in the tornado-ravaged area.

Elderly Couple Burns to Death

ST. LOUIS (AP)—Two elderly persons, one of them confined to a wheel chair, burned to death today in their second-floor apartment.

Fire Battalion Chief Julius Vogel reported James Henry Stacker, 81, and his wife, Ida, 77, were dead on arrival at Homer Phillips hospital.

He said Mrs. Stacker was found in her wheelchair and her husband slumped across a bed.

Vogel blamed the blaze on a defective flue or a coal stove in their apartment which was gutted by the blaze.

Anchorage, has a population of 28,500, or almost three times more than any other Alaskan city.

BUGS BUNNY

Leamington

A series of meetings were held in the Leamington church Thursday through Sunday night with different preachers bringing the messages. There was special music including the Kneeling Hill quartette and the Karber's Ridge quartette.

Larry Lackey, Phoenix, Ariz., and Mrs. Linda Smith, East Alton, were Christmas guests of Mr. and Mrs. Joe Lackey and Mr. and Mrs. A. A. Thacker.

Sunday guests of Mrs. Lola Bentley and Rev. and Mrs. Clifford Potter were: Mrs. Millie Benham, Mr. and Mrs. Kuppert Vinyard, Mrs. Lizzie Potter, and Mr. and Mrs. Alford Leavell.

Mr. and Mrs. Horace Barnett and Mrs. Essie Green were holiday guests of Mr. and Mrs. Vernon Barnett, Mr. and Mrs. Orien Green and Mr. and Mrs. Art Ball.

Rev. and Mrs. Clifford Potter, Mrs. Lizzie Potter and Mrs. Lola Bentley visited Mr. and Mrs. A. A. Thacker Christmas evening.

Mr. and Mrs. Ralph Colbert were dinner guests for Christmas dinner at the home of Mr. and Mrs. John Martin in West Frankfort.

Mr. and Mrs. Ralph Mayberry and daughters of Norris City were week end guests of Mr. and Mrs. Gary Oldham.

Mr. and Mrs. Arlie Casey and children were Christmas dinner guests of Mr. and Mrs. Guy Casey.

Ralph Flanders and daughter visited Mr. and Mrs. Don Flanders Saturday.

Mr. and Mrs. Clem Fugate and Mr. and Mrs. Joe Elliott were Christmas guests of Mr. and Mrs. Herman Vinyard. They report that Mr. Vinyard is improving from his recent illness.

Mr. and Mrs. Jesse Colbert visited Mr. and Mrs. Guy Casey, Sunday afternoon.

Jackie Moore, Alton, spent the Christmas holidays with his parents, Mr. and Mrs. Mora Moore, and his grandmother, Mrs. Caroline Moore. Christmas dinner guests were: Jackie, Miss Sheila Jorton, Mr. and Mrs. Norman Moore, Carbondale, and Mrs. Caroline Moore.

Mr. and Mrs. Horace Barnett were hosts at a Christmas party Monday. Those present were: Rev. and Mrs. Clifford Potter, Mrs. Lola Bentley, Mrs. Lizzie Potter, Mr. and Mrs. Jesse Scroggins, and Mr. and Mrs. Hubert Vinyard. Date pudding and coffee were served to the guests.

Mr. and Mrs. Jesse Scroggins were Sunday guests of Mr. and Mrs. Charlie Watson.

Mr. and Mrs. Edgar Kent were Sunday supper guests of Mr. and Mrs. Raleigh Bodenbach.

Mould on leather can be prevented by keeping the articles free of humidity, according to the Encyclopedia Britannica.

The star-nosed mole of north-western North America gets its name from a fringed disk on its nose tip.

FBI Investigates Newsprint Industry in U. S.

WASHINGTON (U.P.)—FBI agents have begun an investigation of the newsprint industry in this country, a Justice Department spokesman said today.

The investigation, for the double purpose of getting information for

a report to Congress next year and to seek evidence of possible illegal price-fixing is being carried out under the antitrust division of the Justice Department.

The federal agents are examining the records of a number of

American newsprint firms and American companies affiliated with Canadian paper companies. The checkup does not affect Canadian newsprint firms, which supply a large portion of the paper used by newspapers in this country.

There have been complaints about the newsprint industry for some years, based on a pattern of identical prices charged by the manufacturers and nearly simultaneous decisions to raise prices. The FBI agents are carrying letters stating that the investigation's purpose is to gather information

for the attorney general's quarterly report to Congress under the Defense Production Act and to look for antitrust law violations. The spokesman said the investigation has not been going on long, and the report to Congress probably would not be ready before the second quarter of 1958.

Army Sets Helicopter Altitude Record

WASHINGTON (U.P.)—An Army pilot has set a new world helicopter altitude record of 30,335 feet, the Army announced today. The pilot, Capt. James E. Bowman, Amboy, Ind., set the record

Dec. 28 at Wichita, Kan., flying an Army YH-41 Seneca helicopter. The old record of 26,931 feet was set by Jean Boulet of France June 6, 1955.

Formosa, including nearby islands under its control, has an area of 13,890 square miles, or slightly more than Maryland's area.

Herrin-West Frankfort Tilt Tops in State

Mount Vernon
Will Play Marion
In Area Contest

By United Press
The 16-team Pontiac Holiday Tournament today kicks off the high school basketball program for the new year.

The top game on the regular weekend card Friday pits defending state champion Herrin, its stock soaring on the strength of its victory in the Centralia Holiday Tournament, against West Frankfort's once-beaten Red Birds.

First round games today at Pontiac match Alton against Chester, New Trier against Flora, Bradley against Lexington, Aurora East against Mount Pulaski, Clinton against Chenoa, Princeton against Athens and Pontiac against Reavis.

Herrin goes into its tussle at West Frankfort with a perfect 11-0 record. The Red Birds have lost only to Mount Vernon, a team they defeated earlier in the season.

Mount Vernon takes on Marion, which had won eight in a row until it was bumped off twice in a row at the Centralia tourney.

Rockford East, sailing along with a 9-0 record, runs in Belvidere Saturday.

Pekin returns to action against Peoria Limestone Friday and Kewanee Saturday.

Rock Island, beaten only once this season, meets Dubuque, Iowa, Friday, and East Moline Saturday.

In the Eastern Illinois League, Charleston plays Newton Friday and Cumberland Saturday.

Edwardsville, winner of the Wood River tourney and beaten only once this season, plays Granite City Friday.

Mount Carmel's Golden Aces, winner of the Bridgeport tourney, tangle with Salem Saturday.

Jacksonville, whose prestige slumped seriously after two losses in the Kankakee tourney, returns to action against Jerseyville.

The so-called Mormon crickets are not true crickets, but belong to the katydid family.

MR. REBOUND—Seven-foot Wilt the Stilt Chamberlain of Kansas outleaps two opponents to take a rebound at Northwestern. The jumping Wildcats are Phil Warren, foreground, and Billy Jones. Chamberlain guarantees ball possession.

BULL-EYE BEAUTY—Snow shovels may be standard equipment in other parts, but archery is among the sports enjoyed during the mild winter season in Phoenix, Ariz. Georgiann Hammon, 19, not only displays fine form with bow and arrow, but is on target in the good looks department.

Buckeyes Edge Oregon, 10-7, in Rose Bowl; Navy, Oklahoma, Miss. Win

Sutherland Kicks
Field Goal as Bucks
Have Close Call

By United Press
The form chart stood up pretty well in the bowl game drama on New Year's Day but the name of Don Sutherland went into the books today as the man who prevented what could have been the biggest upset in the history of the Rose Bowl.

Sutherland, just back from a month's idleness with a back injury, booted a "not so tough" field goal from the 24-yard line in the fourth period to give Ohio State a 10-7 victory over Oregon.

The close call suffered by the national champion Buckeyes stole the holiday spotlight from Navy's 20-7 triumph over Rice in the Cotton Bowl, Mississippi's surprising 39-7 rout of Texas in the Sugar Bowl, and Oklahoma's 48-21 trouncing of Duke in the Orange Bowl.

Oregon went into the Rose Bowl clash before 100,000 as a 21-point underdog, the biggest odds ever quoted on the classic at Pasadena, Calif. But the Webfoots won everything—first downs, yards gained, most valuable awards—to quarterback Jack Crabtree—everything, that is, except the game.

Navy, a one-point Cotton Bowl favorite, beat Rice on the rock 'em, sock 'em line play of Tony Stremic (a supposed cripple with an ankle injury), Bob Reifsnnyder, and Pete Jokanovich. The Middle Maulers jolted Rice ball-toters loose from the pigns five times and two of these recovered fumbles led to Navy scores. Joe Tranchini, Harry Hurts, and Ned Oldham scored the Navy TD's.

Hard-hitting Mississippi made Texas sophomores pay heavily for one touchdown and ran for two.

Italy to Buy Jet Airliners

ROME (UP)—Italy plans to buy between 16 and 20 jet passenger transports from American firms for its nationalized airlines. Sen. Giuseppe Caron, undersecretary of state for civil aviation, told a group of visiting newsmen Monday the choice lies between Douglas DC-8 and Boeing 707 jets and that a decision probably will be reached by the end of January.

Asteroids

Since Jan. 1, 1801, when the first asteroid was discovered, more than 1,600 have been catalogued on the charts of astronomers. There may be more than 30,000 of them.

Passage Discovered

The Northwest Passage finally was discovered in 1905, when a ship sailed around the northern part of the continent and entered Asiatic waters. The ship was the Gjoa, commanded by Roald Amundsen.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Winter is once again with us. And, of course, with winter comes added driving perils peculiar to this season of the year. The following are a few tips which will aid you in avoiding collisions on the highways during the winter months.

Some motorists satisfy themselves that their vehicle is in good shape for winter driving by merely having the battery checked, changing the grease and oil to a lighter grade and having antifreeze put into the radiator. This, however, is not enough to guarantee complete freedom from worry about the mechanical operation of the vehicle during the winter months.

A very important part of the car which should be checked is the windshield. Make sure that your windshield wiper is in good working order, and that the wiper blade is new enough to do an effective job. Check your windshield defroster. A windshield coated with sleet or freezing rain provides for extremely dangerous driving. Keeping a window slightly open will aid in preventing freezing.

A handy gadget to carry in your car during the winter months is a windshield ice scraper. A little elbow work with this may save a lot of grief for you.

mistakes before 79,000 in the Sugar Bowl, setting up four of its TD's by two fumbles, an interception, and an incident in which a Texas man got in the way of a Texas punt. Ray Brown was the bell-ringer for the Rebels as he passed

ALL-OUT—Dick McGuire, Detroit Pistons backcourt man, goes up for a lay-up.

others, including a 92-yard romp with a minute to play.

Oklahoma didn't blow open the Orange Bowl tilt before 76,318 at Miami, Fla., until it scored four touchdowns in the final period. Dave Baker, forced to carry most of the load at quarterback with regular Carl Dodd limited to part-time action, starred by passing for one TD and scoring two others, one on a 94-yard pass interception return that set an Orange Bowl distance record.

In two smaller day-time games, Louisville drubbed Drake, 34-20, before 12,000 in the Sun Bowl at El Paso, Tex., and Prairie View A&M and Texas Southern struggled to a 6-6 tie before 5,000 in the Prairie View Bowl at Houston, Tex. In a night game before 10,500 at Orlando, Fla., the holiday's only upset saw East Texas State nip Mississippi Southern, 10-9, in the Tangerine Bowl.

Nats Defeat Lakers, 120-109

By United Press
The Syracuse Nationals have a long way to go to catch the Eastern Division leading Boston Celtics. But if they played all their National Basketball Association games at home, it would be a cinch.

With high-scoring Adolph Schayes setting another team record, the Nats rolled to their eighth straight home victory Wednesday night, beating the hapless Minneapolis Lakers, 120-109.

It was the only game played in Philadelphia with the Nats playing the New York Knickerbockers and the St. Louis Hawks, who lead the Western Division, meeting the Warriors in a doubleheader.

Educator Would Have

Student Pay Whole Bill

CAMBRIDGE, Mass. (AP) — Dr. Seymour E. Harris of Harvard University thinks he has the answer to the problem of higher education. He would let each student foot the entire bill.

Right now, he said, too many parents are getting what amounts

to a free ride on the coattails of either the universities or the taxpayers. "In any Ivy League university," he said, "the average family income runs from \$12,000 to \$20,000. Yet the college charges \$800 to \$1,000 tuition and then subsidizes

each student for another \$1,000 out of its endowment. "I think that every student should pay the full cost of his education. If he is poor, then he should pay all he can at the time. The rest he should pay out over his lifetime."

Dr. Harris, chairman of Harvard's economics department, has

been given a \$70,000 grant from the Fund for the Advancement of Education for an extended study of the economics of private education. According to a study by the Illinois Institute of Technology, there are 15,000,000,000 particles in every puff of cigarette smoke.

Registrations Underway at Art Center in Eldorado for Workshops

Registration for new students at the Eldorado Art Center will be held this Thursday and Friday and every day next week, Jan. 6 thru 10, at the art center. Registration hours are 10 a. m. to 9 p. m. Any one wishing to register should come to the art center and fill out a card with his name, address, phone number, and the workshop registering for. Or, you may call in your registration by dialing BR 3-8156. Please save this phone number for future references.

The winter term of workshops begins Jan. 6 at the art center, and consists of lessons in leather tooling, textile painting, oil painting, loom weaving, and pottery making. Leather tooling is becoming a very popular and profitable hobby

at the art center. Miss Marie Sherman, instructor, is adding another workshop in order to give more individual attention to her increasing number of students. Miss Sherman has picked a well rounded supply of leathers and tools which make possible a wide variety of designs and articles. Such things as billfolds' belts, keycases, purses, handbags, TV seats, coin purses, and collars have been made at the art center, and many more items such as desk sets, leather coasters, pen and pencil cases, cigarette cases, etc., are being planned. The tools are always available at the art center for the students to use in their spare time. Leather workshops meet Monday and Friday evenings from 7 to 9 p. m. There is no

charge for instruction. Mrs. Mayme Stinson is in charge of the textile painting workshop. Workshops have been arranged for Monday from 1 to 3 p. m. and Tuesday and Wednesday evenings from 7 to 9. You may attend all workshops or one a week. Materials may be purchased at the center at a discount. Instruction is free.

The art center has five looms in use in the weaving workshops taught by John W. Brown. Weaving workshops have been set for Tuesday evenings from 7 to 9 and Wednesday afternoons from 1 to 3. Students may work on the looms in their spare time, however, and there is no charge for instruction.

Pottery making also is taught by Mr. Brown. Workshops will be taught on Monday evenings from 7 to 9, but students may come to

the art center to practice on their pottery making at other times during the week. The Eldorado Community art center is a community organization, built by the efforts of Eldorado and surrounding communities to provide cultural, economic and recreational opportunities for this area of southern Illinois.

Domestic Burglars

CHICAGO (AP) — Burglars who looted the Robert Anderson residence apparently planned to set up housekeeping. They carted out a coffee maker, waffle iron, an electric knife sharpener, a wall clock, a bedroom clock, several suits, 20 watches, 80 pounds of frozen meat and four bottles of whiskey. They also took an empty piggy bank and \$77 in cash.
